

Construction Update: August 13, 2022

This week, the shared walking and bicycle path was paved on the east side of N. Main Street and the completed retaining walls were stained.

Next week, resurfacing is scheduled for Riverview Drive, Park Street, Brook Street and Sunny Drive. Grass seed will be sown along N. Main Street.

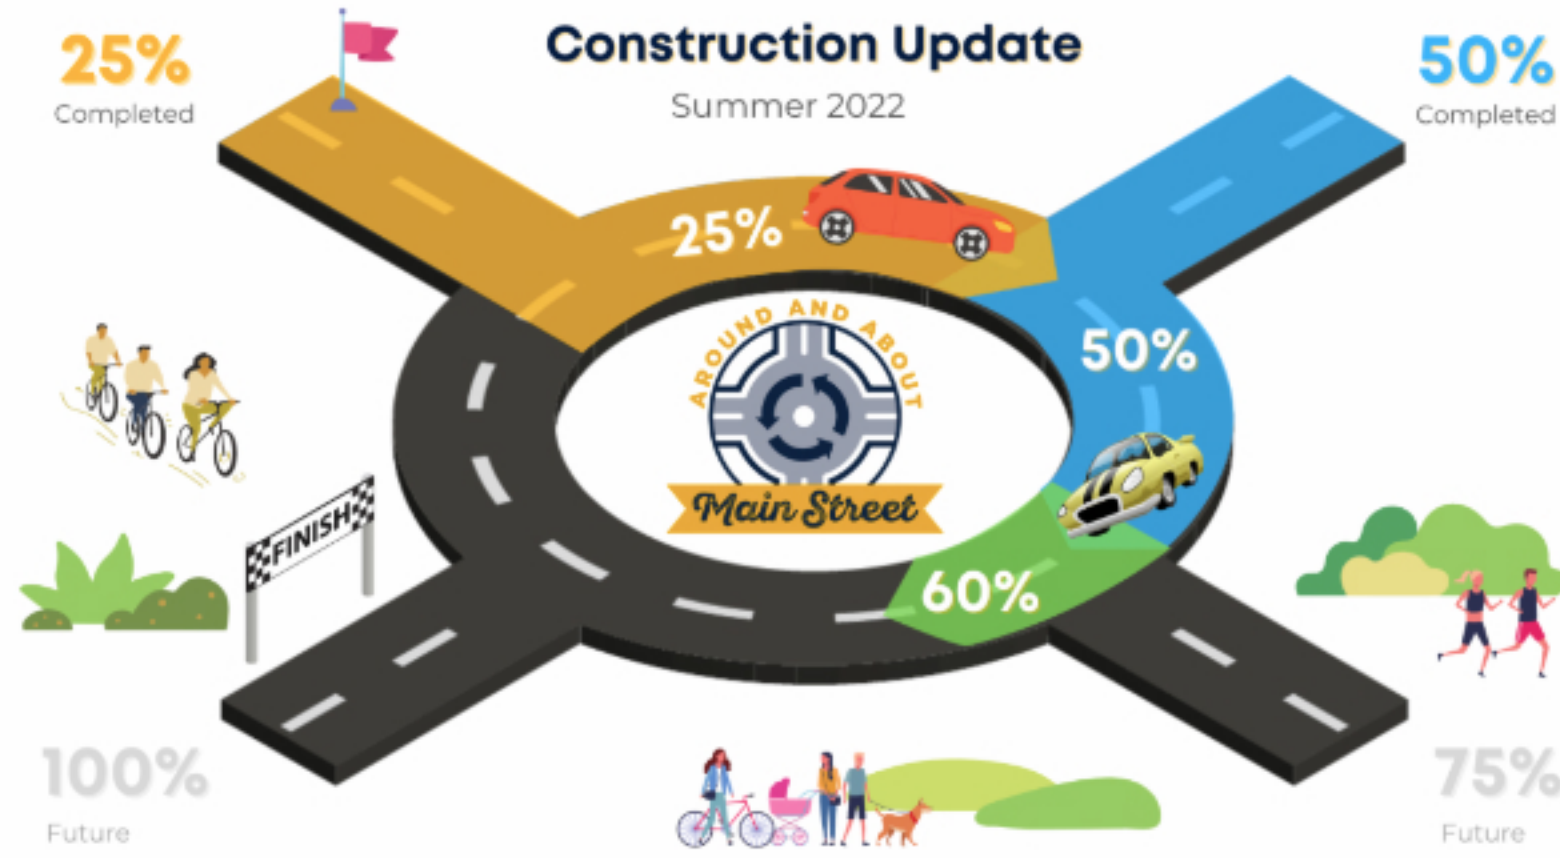

During the week of August 22, construction is scheduled to begin on the north half of the roundabout. During construction, N. Main Street will be open for local access only to the Arrowhead subdivision. There will be no outlet, and a detour will be posted.

Shared Path Paving Construction

Detour Alert:

The construction team will be switching traffic in the coming weeks to the N. Main Street stage II detour. The detour will be put into place after seeding is completed along N. Main Street. The detour will include closing access to Cary Road from N. Main Street (during stage II). Drivers will have access to Arrowhead Drive from the south during this time. A detour map will be posted prior to the traffic switch.

Local Businesses Remain Open on Main Street!

Local businesses on Main Street will remain open as work continues. Local traffic can access businesses from IL 62, as well as Front and Edwards Streets while the Main Street closure is in place. Again, Main Street is closed to ALL TRAFFIC from north of Edward Street to Arrowhead Drive.

Project Overview

An extension of the Old Town Algonquin project, Around and About Main Street will improve traffic flow and safety for road users of N. Main Street.
