

### Construction Update: November 12, 2022

Last week, the contractor paved the roundabout with asphalt! The contractor also began digging the light pole foundations. Once the lighting system is fully constructed and operational, the roundabout will officially open to traffic.

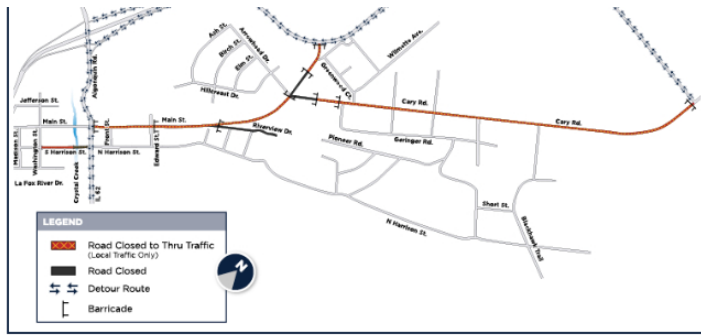

Next week, the contractor will install the lighting conduit and concrete will be poured for the roundabout apron. As a reminder the driveway apron is the interior roadway approach that connects the road to the roundabout lane.

Did you know? Roundabouts are safer than normal intersections as they reduce conflict points between vehicles. As you approach the roundabout look left, yield to approaching vehicles and pedestrians and then proceed!

## Local Businesses Remain Open on Main Street!

Local businesses on Main Street will remain open as work continues. Local traffic can access businesses from IL 62, as well as Front and Edward streets while the Main Street closure is in place. Again, Main Street is closed to ALL TRAFFIC from north of Edward Street to Arrowhead Drive.

### Project Overview

An extension of the Old Town Algonquin project, Around and About Main Street will improve traffic flow and safety for road users of N. Main Street.
