

## Construction Update: October 1, 2022

Last week, ComEd was on site to brace the utility pole at N. Main Street and Cary Road. The brace was needed to provide support to the utility pole so that the contractor can complete retaining wall construction at this corner. Retaining walls have been constructed through the project area to help support soil so that it can be maintained at different levels on the two sides. This allows the Village to support the steep grades along the project while creating safe paths and sidewalks for pedestrians.

Next week, the contractor plans to continue construction to create the roundabout and complete the remaining retaining walls.

### Did you know?

Roundabouts are safer than normal intersections as they reduce conflict points between vehicles. As you approach the roundabout look left, yield to approaching vehicles and pedestrians and then proceed!

**Roundabout Safety**

- ▶ **LOOK LEFT**
- ▶ **YIELD TO VEHICLES & PEDESTRIANS**
- ▶ **DO NOT STOP IN THE ROUNDABOUT**

**AROUND AND ABOUT MAIN STREET**  
Detour Information

## Local Businesses Remain Open on Main Street!

Local businesses on Main Street will remain open as work continues. Local traffic can access businesses from IL 62, as well as Front and Edwards Streets while the Main Street closure is in place. Again, Main Street is closed to ALL TRAFFIC from north of Edward Street to Arrowhead Drive.

[Click here to view a map of the full closure and detour route.](#)

## Project Overview

An extension of the Old Town Algonquin project, Around and About Main Street will improve traffic flow and safety for road users of N. Main Street.
