

Construction Alert: March 18, 2023

Since winter began, the contractor has continued work when weather permitted on the Riverwalk project. This work has included:

- Placing light poles at the Historic Village Hall parking lot
- Removal of sheet piles used to create the cofferdam
- Excavation around the creek
- Construction of wingwalls to prevent erosion into the creek
- Forming and pouring concrete for the future Riverwalk patio and staircase (near the Whiskey Bar and Tavern)
- Forming and pouring the concrete curb along the Riverwalk

Harrison Street Bridge Abutment

Curb Construction

Over the next two weeks, the contractor plans to pour the new concrete sidewalk west of Main Street and construct a new retaining wall. The contractor will continue to advance the Riverwalk Project as weather allows.
