

Construction Update - May 14, 2022

For the past two weeks, ComEd has worked to complete the installation of all underground cable at the 100 S. Main Street, 111 S. Jefferson Street and Historic Village Hall parking lots.

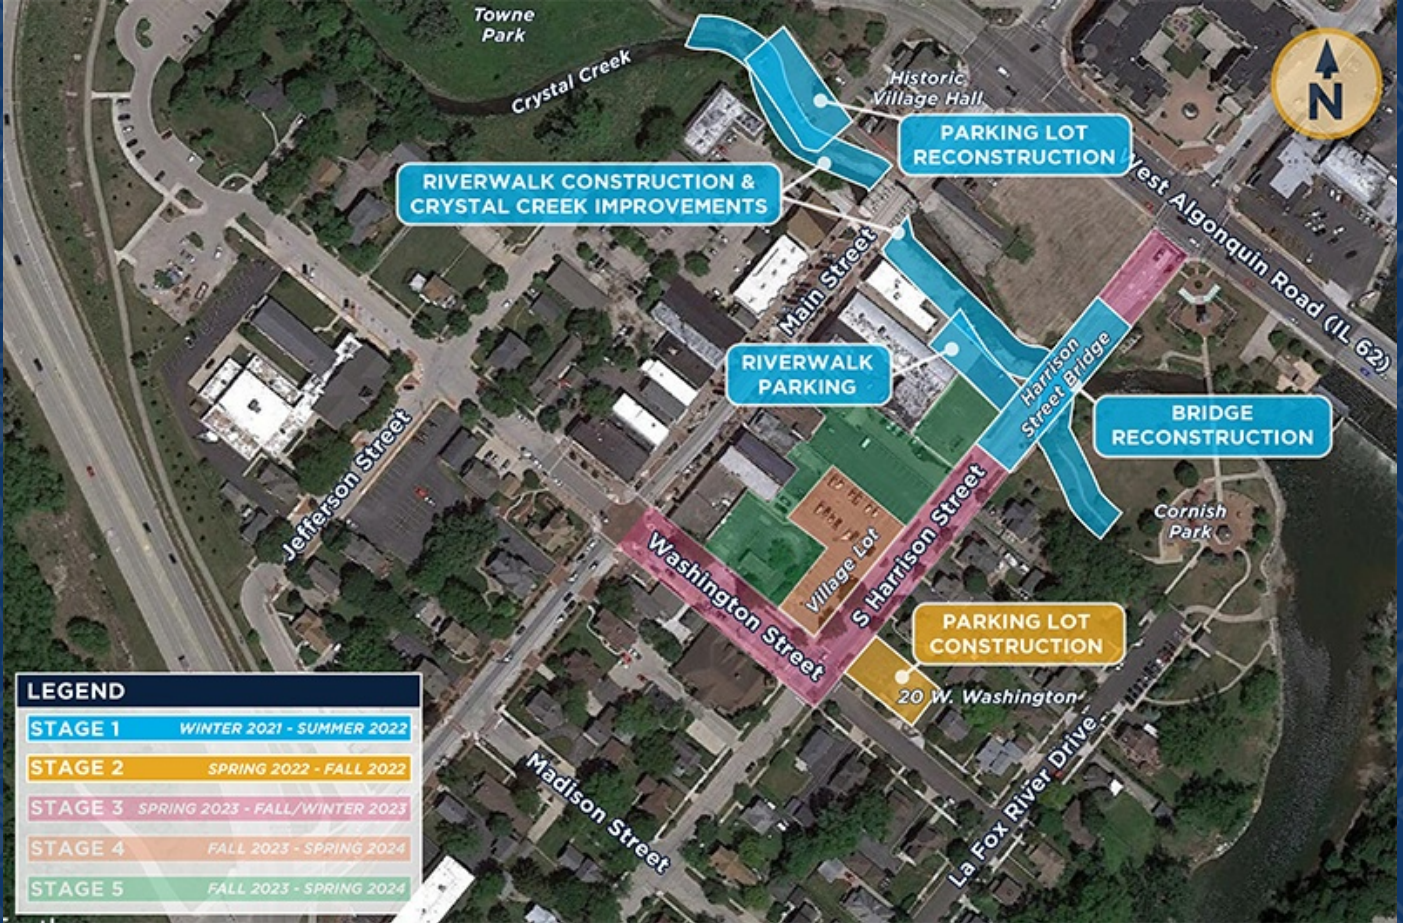

Over the next few weeks, ComEd underground and aerial crews will install all new primary cable and splice cable into the transformers on S. Harrison Street. The Village's contractor will also install the new 6" water main extension through the 111 S. Jefferson Street parking lot.

ComEd Aerial Crews

ComEd crews splicing cable at the transformer
