

Construction Update: May 27, 2023

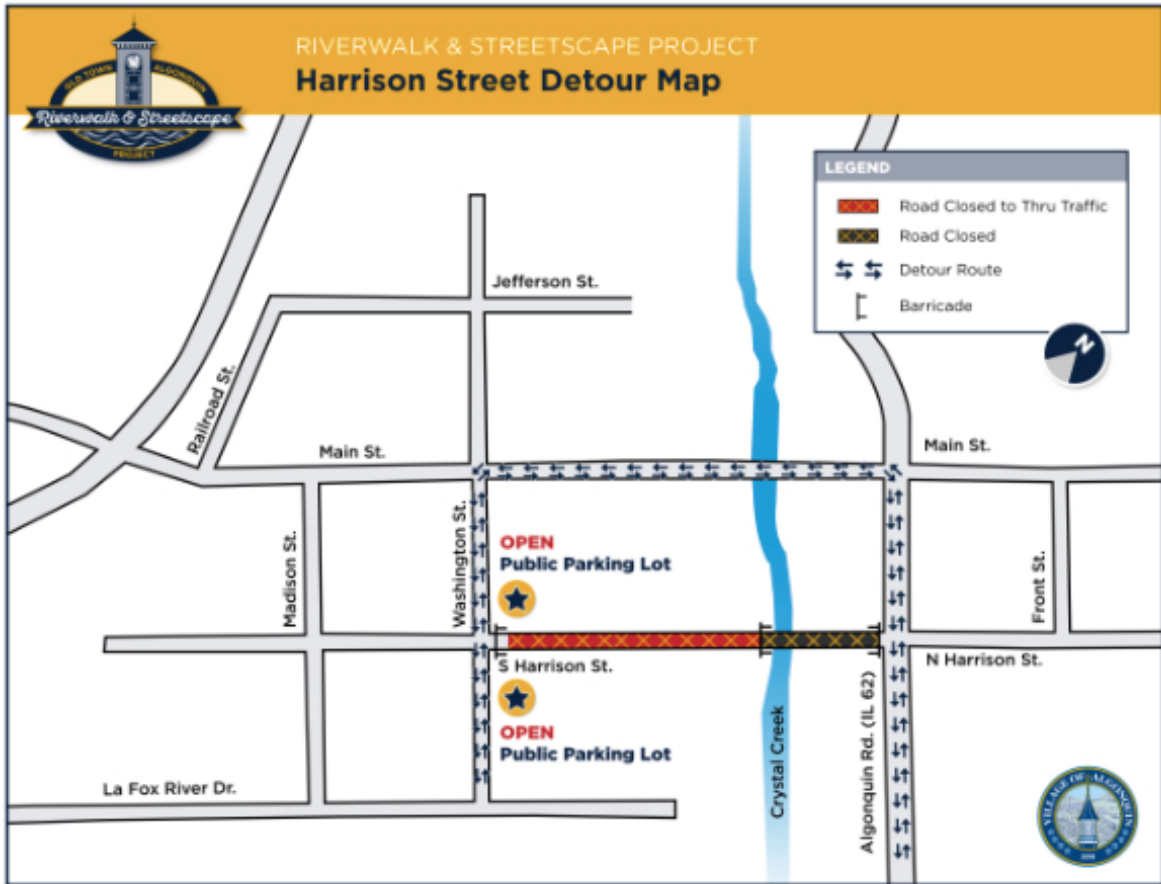

Progress has continued over the last two weeks on the Riverwalk and Streetscape Project!

- Installation of decorative stone for the columns at the Harrison Street bridge. These columns create a beautiful entrance to the bridge.
- Installation of new light poles for the Riverwalk between Main and Harrison streets and the decorative lighting for the Harrison Street bridge.
- Approach slabs at the Harrison Street bridge were poured.
- Additionally, new curb and gutter was poured for the parking lot on the south side of the creek and the sidewalk for the Riverwalk (Main to Harrison streets).
- Finally, the railing for the Harrison Street bridge was installed to create a safe crossing for pedestrians and bicyclists.

Over the next few weeks, the general contractor will begin preparation for all remaining pavement patching

followed by the opening of Harrison Street and the Harrison Street bridge!
