

Project Alert: April 15, 2023

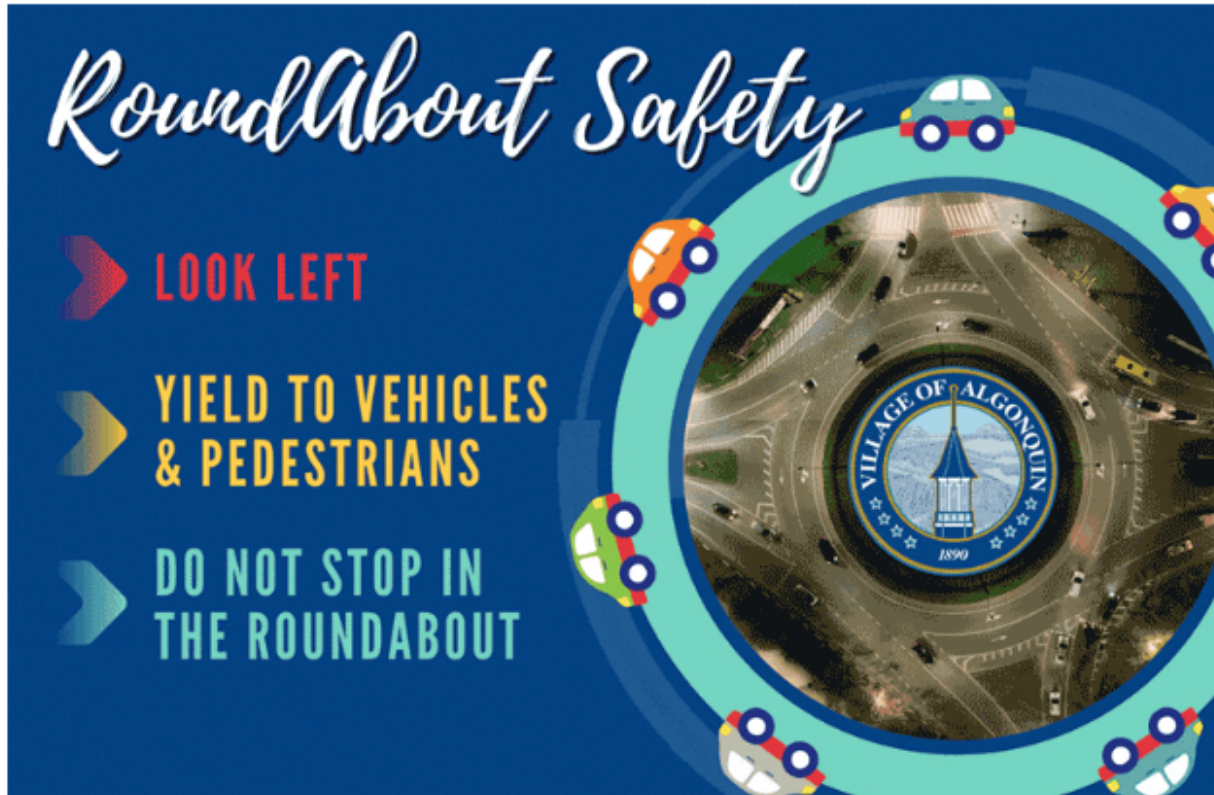

Construction on the roundabout project has returned with the warm weather. Recently completed work has included new concrete sidewalks, driveways and curb and gutters.

Next week, the contractor plans to remove the temporary pavement on Arrowhead Drive and pour the new, concrete curb and gutter. The contractor also will complete the south roundabout island. We appreciate your patience as we work to wrap up this construction project this spring!

Did you know?

Roundabouts are safer than normal intersections as they reduce conflict points between vehicles. As you approach the roundabout look left, yield to approaching vehicles and pedestrians and then proceed!

Project Overview

An extension of the Old Town Algonquin project, Around and About Main Street will improve traffic flow and safety for road users of N. Main Street.
