

Construction Update: April 29, 2023

Last week, the contractor poured the new concrete curb and gutter along Arrowhead Drive. The multi-use path was also completed along N. Main Street. These improved surfaces will create a safe and enjoyable space for pedestrians and bicyclists.

Next week, the contractor will complete the remaining landscape improvements at the roundabout. The new landscape will help transform the roundabout from a construction zone to a beautiful space for our community.

Did you know?

Roundabouts are safer than normal intersections as they reduce conflict points between vehicles. As you approach the roundabout look left, yield to approaching vehicles and pedestrians and then proceed!

Roundabout Safety

Project Overview

An extension of the Old Town Algonquin project, Around and About Main Street will improve traffic flow and safety for road users of N. Main Street.
